

Panel Name (CSI Rombalds Moor / ERA)	CSI Shorthand Ref	IAG No.	Historic Environment Record Number (WYAS)	Legacy Scheduled Monument Number (English Heritage)	10fig Grid Ref	Known lost / removed/ Not Found	Area/Location	Description
<b>Addingham Crag 01</b>	AC01	210	PRN2077	25355	SE 07872 47265		Below Addingham Crag, Addingham Moor	Large upright square block, complex carvings on upper surface
<b>Addingham Crag 01a</b>	AC01a				SE 07905 47265		Below Addingham Crag. 84m directly S of the field gate and Addingham Crag stone is 27m 260° (W)	Rectangular boulder measuring 3.9m x 1.6m x 0.95m. Motifs consist of a cup and with a crude arc, plus a cup and short groove.
<b>Ashlar Chair</b>	ACH01	115	PRN203		SE 12075 44838		Ilkley Moor, near boundary walls.	Large stone with distinct curving bedding, depressions thought natural
<b>Backstone Beck 01</b>	BB01	280a			SE 12676 46282		Ilkley Moor, on slope of Cranshaw Thorn Hill down to Backstone Beck	Small ground level rock. 1 cup and possible ring, possible further cups
<b>Backstone Beck 02</b>	BB02	281	PRN213	25385	SE 12709 46592		Near Backstone Beck on Ilkley Moor, 8m W of path	Moss covered large block, cups and rings.
<b>Backstone Beck 03</b>	BB03	282	PRN214	25386	SE 12719 46270		W of Backstone Beck, Ilkley Moor. 30m W of path	Fairly upstanding rock with level top, 30+ cups, some with rings and a number grooves.
<b>Backstone Beck 04</b>	BB04	283	PRN215	25379	SE 12738 46249		W of Backstone Beck, Ilkley Moor, just W of a path	Square flat rock of fine grit. Many cups, some rings and many linear grooves, some deep.
<b>Backstone Beck 05</b>	BB05	285	PRN218	25334	SE 12822 46190		E of Backstone Beck, Ilkley Moor. Just E of path near ancient enclosure.	Low rock, multiple cups, some with rings, many grooves.
<b>Backstone Beck 05a</b>	BB05a			25334	SE 12832 46254		E of Backstone Beck, within enclosure on W side of track, now lost (grid ref approximation).	A small rock bearing 3 cup marks.
<b>Backstone Beck 06</b>	BB06	287	PRN 220	25334	SE 12832 46165		E of Backstone Beck, Ilkley Moor, within enclosure.	fairly low sub rectangular rock. Cups, basins and possible grooves
<b>Backstone Beck 07</b>	BB07	288	PRN219	25334	SE 12836 46147		E of Backstone Beck, Ilkley Moor, within enclosure.	Ground level rock, cups and linear grooves.
<b>Badger Stone</b>	BST01	250	PRN181	25367	SE 11074 46050		"Badger Stone", Green Gates, Ilkley Moor	Large upright rock, complex design on S side of rock
<b>Baildon Green 01</b>	BG01	192	PRN371	25418	SE 14687 38685		Baildon Green, N of road.	Small stone. 1 broad shallow cup.
<b>Baildon Green 02</b>	BG02	193			SE 14700 38685		Baildon Green, approx 25m N of road.	Light coloured rock, possible cups.
<b>Baildon Hill</b>	BAH01	183			SE 14121 40078		Baildon Moor, near summit, 14m NNW of trig point.	Ground level rock, cup with two rings, thought modern.

<b>Barmishaw 01</b>	BS01				SE 11097 46460		South of plantation on Barmishaw, immediately W of a small track.	A square shaped stone, approx 0.5m x 0.5m x 0.3m. Single fairly shallow cup
<b>Barmishaw 02</b>	BS02	253	PRN184	25365	SE 11192 46419		"Barmishaw Stone", Barmishaw, Ilkley Moor.	Flat-topped stone with complex designs including ladder motifs
<b>Birch Close</b>	BC01	176	PRN364	25425	SE 13855 41728		Eldwick, in wall NE of Birch Close Farm	Small upright rock cups and groove, hidden by overlying wall.
<b>Black Beck 01</b>	BLA01				SE 13897 43971		Hawksworth Moor, approx 320m S of Skitful Spring,	A sub rectangular stone 0.64m x 0.35 x 0.27m a possible single shallow cup
<b>Black Beck Hole 01</b>	BBH01	219	PRN149	25389	SE 09732 46521		Black Beck Hole, Ilkley Moor, S of track.	Small rock with vertical NE face exposed. Deep cups.
<b>Black Beck Hole 02</b>	BBH02	220	PRN150? / PRN 151		SE 0998- 4689-		Black Beck Hole, Ilkley Moor, near Panorama Reservoir and just S of path	Large, rock sloping to N. Many depressions, probably natural.
<b>Black Beck Hole 03</b>	BBH03	221	PRN150 / PRN 151		SE 0998- 4689-		Black Beck Hole, Ilkley Moor, near Panorama Reservoir and N of path, over wall	Large, rock sloping to N. Many depressions, probably natural.
<b>Black Beck Hole 04</b>	BBH04	223	PRN152	25390	SE 10037 46563		SW of Silver Well Cottage, Ilkley Moor near small path.	Small, low rock. cups, partial rings, short grooves.
<b>Black Beck Hole 05</b>	BBH05	224	PRN7235	25392	SE 10056 46585		Ilkley Moor, WSW of Silver Well cottage, 20m N of marked track.	Low rock with complex design of cups, rings and some grooves.
<b>Black Knoll</b>	BK01				SE 10400 44500 (rough location)	Y	Carving first identified as Low Black Knoll on The Northern Antiquarian website.	two cups, possible third. Stone unable to locate
<b>Black Pots 01</b>	BP01	74	PRN7239	25345	SE 07799 46227		High Moor, Black Pots	Low, long stone covered by turf on west side. Cups
<b>Black Pots 02</b>	BP02	77	PRN676	25346	SE 07825 46233		High Moor, Black Pots	Small low rock, cups, one with ring, and enclosing groove
<b>Bracken Hall Crag</b>	BHC01	121	PRN326	25258	SE 12897 39490		ShIPLEY Glen, close to road	Low rock, cups in an irregular ring.
<b>Bracken Hall Farm</b>	BHF01	133	PRN335	25256	SE 13194 39155		ShIPLEY Glen, in field behind Bracken Hall Farm,	Flat stone, moved, Cup with irregular pecked ring.
<b>Bradup</b>	BRP01	90	PRN142		SE 0914- 4419-		Bradup, Morton Moor, a few metres E of gate in field.	Small low stone, cups grooves..
<b>Browgate</b>	BRG01	196	PRN373		SE 15482 39557 (moved)		Browgate, coping stone of wall, E side of road.	Cups or possible cups
<b>Brunthwaite Crag 01</b>	BRU01				SE 06099 46106		Rombalds Moor, High Brunthwaite on the eastern end of Brunthwaite Crag in private woodland.	Area of quarried outcrop, possible cup and ring
<b>Bucking Hill 01</b>	BH01	84			SE 0828- 4507-	Y	Rombalds Moor, near Bucking Hill. Not found	Upstanding stone, cup and ring.

Bucking Hill 02	BH02	85			SE 0842- 4513-	Y	Rombalds Moor, near Bucking Hill. Not found	Large gritstone, remnant of quarrying. One cup.
Bucking Hill 04	BH04	86	PRN309		SE 0851 4530	Y	Rombalds Moor, near Bucking Hill. Not found	Small stone, cups.
Bucking Hill 05	BH05	87	PRN309		SE 0851 4530	Y	Rombalds Moor, near Bucking Hill. Not found	Large rock, quarried. Single cup.
Burley Moor 01	BM01	N/A			SE 13703 45287		Burley Moor, NW of the Little Skirtful of Stones.	A dome shaped rock measuring 2.6m x 1.7m x 0.75m. Pebble inclusions, 2 poss cups.
Burley Moor 02	BM02	N/A			SE 13745 45232		Burley Moor, NW of the Little Skirtful of Stones, just east of area mining activity.	Boulder 2 shallow cup-like depressions on NW end, possibly natural.
Burley Moor 03	BM03	N/A			SE 13763 45220		Burley Moor, 62m NW of the Little Skirtful of Stones, SE base of spoil relating to mining	Stone measuring 0.64m x 0.32m x 0.26m. Possible 9cm diam. cup with a fissure
Burley Moor 04	BM04				SE 13891 45147		Burley Moor, 70m SE of the Little Skirtful of Stones	boulder surrounded by heather measuring 0.82m x 0.71m x 0.30m. Possible Cups
Burley Moor 05	BM05				SE 13894 45126		Burley Moor, 85m SE of the Little Skirtful of Stones	A low lying rock 0.72m x 0.60m x 0.18m A possible irregular shaped cup.
Burley Moor 06	BM06				SE 13913 45144		Burley Moor, 89m SE of the Little Skirtful of Stones	Rounded boulder 0.43m x 0.35m x 0.15m. An irregular 9cm x 8cm depression
Burley Moor 07	BM07				SE 13916 45135		Burley Moor, 96m SE of the Little Skirtful of Stones	Upright boulder measuring 1.69m x 1.39m x 0.98m A cuplike depression
Burley Moor 08	BM08				SE 13928 45139		Burley Moor, 105m SE of the Little Skirtful of Stones	Rectangular boulder measuring 1.52m x 0.99m x 0.52m and has possible cups.
Burley Moor 09	BM09				SE 14212 45132		S of Woofa Bank and on land above Coldstone Beck	A rounded boulder measuring 0.53m x 0.47m x 0.22m. One clear elliptical cup
Burley Moor 10	BM10				SE 14223 44890		Burley Moor, 110m E of the northern end of Lower Lanshaw Dam	Triangular boulder measuring 1.05m x 1.0m x 0.41m. 6 cups in a domino pattern
Catten Stones 01a	CS01a				SE 13226 38921			Bedrock, exposed area 1.3m x 1.25m one cup E of centre
Catten Stones 01b	CS01b				SE 13227 38916		On Shipley Glen, Bracken Hall Green.	Bedrock, exposed area 1.0m x 0.7m. 1 cup
Catten Stones 01c	CS01c	134	PRN339	25255	SE 13244 38932		Shipley Glen:	Rock level with turf. Four cups.
Catten Stones 02	CS02	135			SE 13251 38930		On Shipley Glen, 1m E of No CS01c	Flat ground level, cup-like depressions
Catten Stones 03	CS03	136	PRN336	25252	SE 13265 38925		Shipley Glen: SE of car-park E	flat bedrock with fissure. Rectangular grooves, cups.
Catten Stones 04	CS04	137			SE 13319 38877		Shipley Glen, immediately E of drive	Area of bedrock, one possible cup, but doubtful
Catten Stones 05	CS05	138	PRN337?	25253	SE 13321 38877		Shipley Glen, near Old Glen House bedrock near paths	Deep, possible cups.
Catten Stones 06	CS06	139	PRN337?	25253	SE 13323 38874		Shipley Glen, near Old Glen House	E part of exposed bedrock. One cup.

<b>Catten Stones 07</b>	CS07	141	PRN338	25251	SE 13341 38891		Shipleigh Glen, near Old Glen House and road	Rock with feather marks and possible cups
<b>Catten Stones 08</b>	CS08	142			SE 13331 38895		Shipleigh Glen, near Old Glen House, 1m from road and junction to W.	Cup-like depressions. Doubtful.
<b>Coarse Stone Edge 01</b>	CSE01	222	PRN321	25398	SE 10018 46364		Ilkley Moor, Coarse Stone Edge	Pointing stone. Cup with irregular ring, plus further cups.
<b>Coarse Stone Edge 01a</b>	CSE01a				SE 10369 46404		Eastern end of Coarse Stone Edge, CSE02 (Neb Stone) is 20m directly E,	An angular, low lying boulder measuring 2.98m x 2.10m x 0.21m. Possible cups.
<b>Coarse Stone Edge 02</b>	CSE02	237	PRN158	25393	SE 10390 46402		"Neb Stone" Coarse Stone Edge, looking over Silver Well Cottage.	Very large sloping rock in bedrock. Depressions and grooves, natural?
<b>Coarse Stone Edge 02a</b>	CSE02a				SE 10392 46419		E end of Coarse Stone Edge, half way down scarp, 7m W of wall	Rectangular boulder resting on another boulder at the NW end. One cup and quarrying marks
<b>Coarse Stone Edge 03</b>	CSE03	235	PRN159	25393	SE 10392 46396		Coarse Stone Edge, in wall immediately E of Coarse Stone Edge 02 / Neb Stone	Rock, several cup and possible grooves.
<b>Coarse Stone Edge 04</b>	CSE04	234	PRN160	25393	SE 10390 46390		Coarse Stone Edge, S of Neb Stone, wall resting on it.	Flat rock rock, cup like depressions.
<b>Coldstone Beck 01</b>	CB01				SE 14384 45227		Burley Moor nr Coldstone Beck. 55m SW of wall corner	Small stone with several cups.
<b>Coldstone Beck 02</b>	CB02				SE 14464 44904		Burley Moor, stone on N side of path, approx 460m W of Carr Top	Stone with large erosion bowl and a single possible cup and other depressions
<b>Cow and Calf 01</b>	CC01	304	PRN235	25341	SE 13087 46601		Above Cow & Calf, next to track	Small stone one single cup.
<b>Cow and Calf 02</b>	CC02	306	PRN234	25341	SE 13095 46602		Above Cow & Calf, next to track	Small stone, two cups.
<b>Cow and Calf 03</b>	CC03	308	PRN7216	25336	SE 13102 46613		Above Cow & Calf, near track	Small rock, some possible cups
<b>Cow and Calf 04</b>	CC04	312	PRN237	25339	SE 13171 46489		SW of Cow & Calf Hotel, most northerly of two carved rocks	Small, low stone a number of cups
<b>Cow and Calf 05</b>	CC05	313	PRN238	25339	SE 13172 46486		SW of Cow & Calf Hotel, most southerly of two carved rocks close to each other	Small, low rock. Cups forming linear arrangement
<b>Cow and Calf 06</b>	CC06	314	PRN240	25337	SE 13173 46585		Above Cow & Calf car park, on prominent knoll to SE of quarry.	Elongated, fairly upright rock. cups and a basin
<b>Cow and Calf 07</b>	CC07				SE 13176 46498		SW of Cow & Calf Hotel, 10m S of track and approx 8m north of CC04	A subrectangular boulder, approx 1m x 0.75m, a possible single cup off centre.
<b>Cow and Calf 08</b>	CC08	310	PRN239	25338	SE 13186 46514		SW of Cow & Calf Hotel, between track junctions	Small, low rock. Three cups.
<b>Cow and Calf 09</b>	CC09				SE 13197 46490		SW of Cow & Calf Hotel, 20m S of intersection between 2 marked tracks	1 possible cup may be natural
<b>Cow and Calf 10</b>	CC10	318	PRN246	25363	SE 13223 46507		SW of Cow & Calf Hotel 8m from main track, on N side.	rounded low rock, cup with two rings, curving groove and possibly more cups.
<b>Cranshaw Thorn Hill 01</b>	CTH01	267	PRN206	25381	SE 12233 46341		Cranshaw Thorn Hill, Ilkley Crag, approx 27m SW of rebuilt cairn, N of path	Upright triangular block, cups and rings.

<b>Cranshaw Thorn Hill 02</b>	CTH02	268	PRN311		SE 1224- 4633-	Y	Cranshaw Thorn Hill, Ilkley Moor, close to cairn - now lost.	Small rock. Three cups.
<b>Cranshaw Thorn Hill 03</b>	CTH03	269			SE 1225- 4634-		Cranshaw Thorn Hill, Ilkley Moor, SW of cairn N side of footpath	Small, low rock 1 possible cup
<b>Cranshaw Thorn Hill 04</b>	CTH04	270			SE 1226- 4636-		Cranshaw Thorn Hill, Ilkley Moor, just N of cairn.	Low quarried rock. One cup and groove.
<b>Cranshaw Thorn Hill 05</b>	CTH05	271		25382	SE 12328 46308		Cranshaw Thorn Hill, Ilkley Moor, approx 82m SE of cairn	Low rock, many cups, grooves and other depressions.
<b>Cranshaw Thorn Hill 06</b>	CTH06	272	PRN208	25383	SE 12338 46230		Cranshaw Thorn Hill, Ilkley Moor, 33m W of track surrounded by vegetation.	Large rock, possible cups
<b>Cranshaw Thorn Hill 07</b>	CTH07	273			SE 1235- 4635-	Y	Cranshaw Thorn Hill, Ilkley Moor - Not located	Cups
<b>Cranshaw Thorn Hill 08</b>	CTH08	276	PRN7233	25380	SE 12582 46358		E end of Cranshaw Thorn Hill (possibly off it), S of track, among prehistoric walling.	Sloping low rock. Cups, one with ring and pecked groove.
<b>Craven Hall Hill 01</b>	CHH01	390	PRN301	25289	SE 14626 44129		Craven Hall Hill, Burley Moor, approx 135m S of track, in fenced off area.	Low rock with parallel grooves and cups.
<b>Craven Hall Hill 02</b>	CHH02	390a			SE 14622 44274		Craven Hall Hill, Burley Moor, 11m W of main track.	Low, flat rock with many worn cups.
<b>Craven Hall Hill 03</b>	CHH03	391	PRN303	25288	SE 14760 44052		Craven Hall Hill, Burley Moor moved to walling around shooting range hut.	Rock, recently moved. Possible cups and grooves, may not be rock art.
<b>Dene Hole 01</b>	DH01	91	PRN144	25413	SE 09379 42412		West Morton, SE of Dene Hole, in field	Roughly triangular rock, set in bank at E. various cups and some grooves
<b>Dene Hole 01a</b>	DH01a				SE 09483 42511		West Morton, SE of Dene Hole, in field wall	Square stone built into walling, one cup
<b>Dene Hole 02</b>	DH02	92	PRN147	25414	SE 09497 42540		West Morton, SE of Dene Hole, close to base of field wall	Small, low stone cups, ring.
<b>Dene Hole 03</b>	DH03	93	PRN148	25415	SE 09506 42415		West Morton, SE of Dene Hole, close to base of field wall	Small, flat, rock fairly complex design of cups, rings and grooves.
<b>Dobrudden (South) 02</b>	DS02	145	PRN340	25401	SE 13644 39803		Baildon Moor, S of Dobrudden Caravan Park, in grass.	slightly raised rock, cups, one with irregular ring.
<b>Dobrudden (South) 03</b>	DS03	145a			SE 13657 39850		Baildon Moor, near base of wall Dobrudden Caravan Park	A boulder in walling measuring approx 0.6m x 0.3m. A single possible cup mark
<b>Dobrudden (South) 04</b>	DS04	146	PRN341	25402	SE 13666 39756		Baildon Moor, S of Dobrudden, .	Low rock. Many shallow cups, some linked by grooves.
<b>Dobrudden (South) 05</b>	DS05				SE 13700 39624		Baildon Moor, S of Dobrudden, .	Small rock, one cup and groove, possibly natural.
<b>Dobrudden (South) 06</b>	DS06	146a			SE 13705 39614		Baildon Moor, S of Dobrudden, to W of field wall	Ground level stone approx 1m x 0.75m, complex design of cups rings and grooves .
<b>Dobrudden (South) 07</b>	DS07				SE 13718 39645		Baildon Moor, S of Dobrudden, to W of field wall	Small rock at ground level, vertical cups possibly natural

<b>Dobrudden (South) 08</b>	DS08	148			SE 13719 39725		Baildon Moor, S of Dobrudden, close to footpath.	Medium-sized, upstanding rock with two levels, perhaps quarried at N. One cup on higher portion.
<b>Dobrudden (South) 09</b>	DS09	149	PRN342	25403	SE 13720 39708		Baildon Moor, S of Dobrudden, just W of track	Small rock. One cup.
<b>Dobrudden (South) 10</b>	DS10	154	PRN348	25404	SE 13766 39894		Baildon Moor, E of Dobrudden, in spoil from pit	Stone sloping into spoil, deep cups and enclosing grooves.
<b>Dobrudden (South) 11</b>	DS11	159	PRN353	25405	SE 13787 39935		Baildon Moor, approx 50m E of Dobrudden wall.	Long rock, cups.
<b>Dobrudden (South) 12</b>	DS12	161	PRN354	25406	SE 13792 39918		Baildon Moor, E of Dobrudden, close to path.	Small low rock, possible shallow cups.
<b>Doubler Stones (N)</b>	DSS02	42	PRN103	25349	SE 07241 46525		Doubler Stones Allotment, most northerly of stones.	weathered rock, two possible cups.
<b>Doubler Stones (S)</b>	DSS01	41	PRN102	25349	SE 07230 46523		Doubler Stones Allotment, most southerly of stones.	Mushroom shaped eroded bedroc. Cups, grooves and basins.
<b>Doubler Stones Allotment 01</b>	DST01	44	PRN104	25350	SE 07353 46573		Doubler Stones Allotment, on E side of fence	upright rock, possibly moved, several possible cups
<b>Doubler Stones Allotment 02</b>	DST02	56	PRN322		SE 07452 46655		Doubler Stones Allotment, Gawk Stones, largest rock and highest stone in group.	Very large upstanding hewn rock. Seven worn cups, two having suggestions of rings.
<b>Doubler Stones Allotment 03</b>	DST03	69	PRN124	25347	SE 07650 46480		Rombalds Moor, in an enclosure below Doubler Stones Allotment, E of wall.	Flat low rock. cups with rings.
<b>Doubler Stones Allotment 04</b>	DST04	70	PRN123	25348	SE 07655 46610		Doubler Stones Allotment, to W of two tracks	Large, rock. Cups and rings.
<b>Dove Hall 01</b>	DHA01	190	PRN7209	25417	SE 14407 39407		Baildon, Dove Hall, below field wall	Small rock in bank with cups on vertical S face, probably moved.
<b>Dove Hall 02</b>	DHA02	191			SE 1443- 3947- (lost)	Y	Baildon, Dove Hall, in area of now removed walling, now lost.	Flat rock four cups one with partial ring.
<b>East Buck Stones 01</b>	EBS01	215a	PRN9311		SE 09386 45853		Ilkley Moor, East Buck Stones	Large sloping rock, eroded on one side. Possibly groups of cups.
<b>East Buck Stones 02</b>	EBS02		PRN9319		SE 09448 45751		Ilkley Moor, East Buck Stones	Rock measuring approx 4m x 1.8m x 1.1m high. Several cup like depressions,
<b>Eaves Crag</b>	EC01	194	PRN372	25419	SE 15067 40454		Baildon Moor, Eaves Crag on S side of path.	Stone at ground level, two cups, one with a partial ring.
<b>Elam Grange</b>	EG01	39			SE 06415 43023		Riddlesden, Elam Grange, now at base of wall	Squared small block. Many cups on both sides.
<b>Faweather Grange 01</b>	FG01	185	PRN369	25426	SE 14193 41825		Eldwick, Faweather Grange, in yard under wall	Flat rock, cups, one with complete ring another with partial

<b>Faweather Grange 02</b>	FG02	188a	PRN8621		SE 14256 41716		Eldwick, Faweather Grange, close to base of wall on W side.	Upright slab in wall, cups and wide encircling groove
<b>Faweather Grange 02a</b>	FG02a				SE 14268 41706 (CSI grid ref)		Eldwick, Faweather Grange, at base of wall, 15m SE of FG02 in same wall on W side.	Rounded boulder 0.7m x 0.6m x 0.16m, 1 single possible cup in a fairly central position
<b>Faweather Grange 03</b>	FG03	189	PRN370	25427	SE 14262 41883		Eldwick, Faweather Grange, in garden of Oakwood Barn.	Wedge shaped rock, many cups and grooves on sloping face.
<b>Fenny Shaw 01</b>	FS01	108	PRN187	25266	SE 11203 43517		Fenny Shaw, Bingley Moor, 45m E of path	Large rectangular upright rock, cups and possible incomplete rings
<b>Fenny Shaw 02</b>	FS02	112	PRN188?		SE 11271 43565		Fenny Shaw, Bingley Moor, 81m NE of FS01 surrounded by vegetation.	Fairly upright rock, possible cups.
<b>Gib Field 01</b>	GF01	380	PRN319		SE 1391- 4694-	Y	Gib Field - now lost.	Long rock, cups and two grooves.
<b>Gib Field 02</b>	GF02	381	PRN319		SE 1391- 4694-	Y	Gib Field - now lost.	Rock with a cup.
<b>Gill Beck</b>	GB01	10			SE 1743- 3975-	Y	Esholt, in wall close to Gill Beck. Thought lost	
<b>Gill Head</b>	GHD01	274	PRN209	25384	SE 12558 46026		Gill Head, W side of Backstone Beck, Ilkley Moor. To E of path.	Large rock, cups
<b>Glovershaw 01</b>	GS01	122	PRN327	25269	SE 13044 40093		ShIPLEY Glen, near path to Glovershaw at edge of quarry.	Low embedded rock, cups and grooves.
<b>Glovershaw 02</b>	GS02	123	PRN330	25272	SE 13058 40115		ShIPLEY Glen, Glovershaw, near paths.	Low rock, possible three cups
<b>Glovershaw 03</b>	GS03	125	PRN332	25273	SE 13064 40120		ShIPLEY Glen, near Glovershaw quarry.	Small, low rounded rock. One cup.
<b>Glovershaw 04</b>	GS04	126	PRN331	25270	SE 13066 40095		ShIPLEY Glen, near Glovershaw quarry	Small rock, cups and grooves
<b>Glovershaw 05</b>	GS05	128			SE 13067 40135		ShIPLEY Glen, near Glovershaw quarry.	Rock with one cup towards W.
<b>Glovershaw 05a</b>	GS05a				SE 13072 40117		ShIPLEY Glen, Glovershaw near quarry. In possible linear feature (RS)	Rock with single cup (RS). Mike Short found in March 2012
<b>Glovershaw 06</b>	GS06	130	PRN333	25271	SE 13078 40098		ShIPLEY Glen, Glovershaw, near quarry E of path	Small rock four cups in slight curve.
<b>Glovershaw 07</b>	GS07	132	PRN334	25275	SE 13186 40120		ShIPLEY Glen, Glovershaw, 60m N of road and E of quarry	Flat rock, a number of cups and a groove.
<b>Glovershaw Farm 01</b>	GSF01				SE 13037 40340		In field walling W of Glovershaw Farm	Upright orthostat stone in walling, multiple cups, some with grooves

<b>Glovershaw Farm 01a</b>	GSF01a				SE 13035 40422		In field walling W of Glovershaw Farm	Stone used in fry stone walling, 2 possible cups
<b>Glovershaw Farm 01b</b>	GSF01b				SE 13028 40511		In field walling W of Glovershaw Farm	Rounded small stone in walling, cups with connecting grooves
<b>Glovershaw Farm 01c</b>	GSF01c				SE 12879 40460		In field walling W of Glovershaw Farm	Small rounded boulder near base of wall, at least 4 cups
<b>Glovershaw Farm 01d</b>	GSF01d				SE 12881 40458		In field walling W of Glovershaw Farm	Boulder at base of walling on the E side, one cup
<b>Glovershaw Farm 01e</b>	GSF01e				SE 12889 40450		In field walling W of Glovershaw Farm	Stone fragment on top of wall, 5 cups, one with a curving groove
<b>Glovershaw Farm 02</b>	GSF02	125a (temp?)			SE 13052 40357		In field walling W of Glovershaw Farm	Stone in base of now denuded walling, 2 possible cups
<b>Glovershaw Farm 03</b>	GSF03	131b (temp?)			SE 13100 40384		In field walling W of Glovershaw Farm	Small stone near base of wall cups and partial rings
<b>Glovershaw Farm 04</b>	GSF04	131a			SE 13108 40418		In field walling W of Glovershaw Farm	Orthostat in wall, one single cup on higher surface
<b>Glovershaw Farm 05</b>	GSF05	131c			SE 13115 40407		In field walling W of Glovershaw Farm	Stone in base of denuded walling, 6 cups 4 with rings, 3 of which touch, grooves
<b>Glovershaw Farm 06</b>	GSF06				SE 13216 40579		Close to drive way of Glovershaw Farm	Re-located stone, approximately 40 cups, with connecting and enclosing grooves.
<b>Graining's Head 01</b>	GH01	245	PRN169	25399	SE 10767 46492		Graining's Head, Ilkley Moor, E of Road	Small, low rock, cups, single rings and a number of grooves.
<b>Graining's Head 02</b>	GH02	249	PRN178	25368	SE 11007 46451		Graining's Head, Ilkley Moor, E side of gill near quarries and a small footpath.	Low rock, nearly level with ground, a number of cups.
<b>Green Crag 01</b>	GC01	286	PRN 217	25327	SE 12831 45976		Green Crag, Ilkley Moor,	Large stone on slope, a number of cups on upper surface
<b>Green Crag 02</b>	GC02	289	PRN221	25328	SE 12866 45931		Green Crag (W end), Ilkley Moor, on slopes above enclosure.	Large rock sloping at S end. One cup on the northern edge.
<b>Green Crag 03</b>	GC03	290			SE 12928 45898		Green Crag (W end), Ilkley Moor, on flat area of above crag.	Large triangular stone. One cup at highest northern end
<b>Green Crag 04</b>	GC04	292	PRN224	25330	SE 12930 45914		Green Crag (W end), Ilkley Moor, on slope above enclosure.	A small vegetation covered triangular rock with three cups on upper surface (now covered)
<b>Green Crag 05</b>	GC05	291	PRN222	25344	SE 12932 45949		Below Green Crag nr enclosure, Ilkley Moor,	Low flat rock with cups and grooves and peck marks.
<b>Green Crag 06</b>	GC06	293	PRN223 ?		SE 12931 45908		Green Crag (W end), Ilkley Moor, on slope above enclosure.	Rock sloping with topography with four cups.

Green Crag 07	GC07	294	PRN226	25344	SE 12937 45955		Below Green Crag near enclosure and worn footpath.	Small rock surrounded by turf, a number of cups one with a faint ring.
Green Crag 08	GC08	296	PRN225	25344	SE 12962 45966		Within Green Crag Slack enclosure, Ilkley Moor	low rock with possibility of some cups and a groove.
Green Crag 09	GC09	299	PRN229	25344	SE 12999 45949		Set within Green Crag Slack Enclosure, Ilkley Moor	Fairly low rock, one cup.
Green Crag 10	GC10	300	PRN7228	25344	SE 12999 45986		Green Crag Slack Enclosure, Ilkley Moor, in walling, now inverted.	Small angular stone, cups and groove.
Green Crag 11	GC11	303	PRN232	25344	SE 13086 45953		Green Crag Slack Enclosure, Ilkley Moor, immediately E walling	Ground level rock, cups, rings and grooves.
Green Crag 12	GC12	305	PRN312	25332	SE 13090 45847		Green Crag, Ilkley Moor, 20m S of crag, overlooking enclosure	Prominent upright stone, sloping down to N. One cup towards south.
Green Crag 12a	GC12a				SE 13188 45986		Green Crag Slack, approx 40m W main path., in heather	Low rock, possible small cup surrounded by natural ring (doubtful)
Green Crag 13	GC13	307	PRN233	25329	SE 13102 45994		Green Crag Slack, 100m SW of main track, NE of enclosure.	Rectangular fairly upright rock, cups and larger natural basins
Green Crag 14	GC14	311	PRN236	25331	SE 13149 45989		Rombalds Moor: E of Green Crag ancient enclosure, Ilkley Moor, in heather.	Medium-sized, triangular, rough grit rock. Three to five cups and possible grooves.
Green Crag 15	GC15	342	PRN268?		SE 13493 45623		E end of Green Crag, 35m from path	Low rock, one cup.
Green Crag 16	GC16	347	PRN271	25306	SE 13514 45750		Green Crag(E end), below scarp	Stone with cups and ring
Green Crag 17	GC17	348	PRN273		SE 1353- 4574-	Y	Green Crag (E end), below scarp. Not found, believed covered	Small rock, cups
Green Crag 18	GC18	350	PRN274		SE 1355- 4562-	Y	Green Crag (E end), near path - couldn't be found	Small stone two cups.
Green Crag Slack 01	GCS01	315	PRN241	25333	SE 13210 45917		Green Crag Slack, near bottom of scarp south of GCS02 / Whaleback Rock	elongated rock, one cup
Green Crag Slack 02	GCS02	317	PRN242	25333	SE 13218 45937		Green Crag Slack, near bottom of scarp and in cluster of other rocks. 'Whaleback Rock'	Upright elongated rock, cups and grooves.
Green Crag Slack 03	GCS03			25333	SE 13220 45948		Green Crag Slack, approx 7m N GCS02	A small domed rock approx 0.50m x 0.50m with a single cup.
Green Crag Slack 04	GCS04	319	PRN243	25333	SE 13230 45956		Green Crag Slack, NNE of the Whaleback Rock.	Low rock, groups of cups
Green Crag Slack 05	GCS05	321	PRN251	25333	SE 13265 45942		Green Crag Slack, W side of path, near Idol Stone.	Ground level rock, one cup.
Green Crag Slack 06	GCS06	323	PRN250	25333	SE 13265 45944		Green Crag Slack, W side of path, just N of Idol Stone.	Small upright rock, two cups.
Green Crag Slack 07	GCS07	324		25333	SE 13265 45945		Green Crag Slack, W side of path, just N of Idol Stone.	Ground level stone, two shallow cups

<b>Green Crag Slack 08</b>	GCS08	325	PRN252	25333	SE 13283 45920		Green Crag Slack, just W of path.	Large rock with bedding sloping to north, a number of cups, rings and grooves.
<b>Green Crag Slack 09</b>	GCS09	327	PRN313		SE 13296 45898		Green Crag Slack, Ilkley Moor, on the E side of path	Prominent triangular upright rock, natural grooves.
<b>Green Crag Slack 10</b>	GCS10	327a			SE 13308 45850		On slopes down from Green Crag, to W of the path.	Upright large rock with single cup towards E edge
<b>Green Crag Slack 11</b>	GCS11	353		25309	SE 13647 45929		Green Crag Slack / towards Stead Crag - not found	Low rock, two cups.
<b>Green Crag Slack 12</b>	GCS12	354		25309	SE 13652 45932		Green Crag Slack / towards Stead Crag - not found	Small rock with cups displaying tool marks
<b>Green Crag Slack 13</b>	GCS13	355	PRN276	25309	SE 13654 45936		Green Crag Slack / towards Stead Crag	large quarried upright square rock with quarrying, cups and grooves
<b>Green Crag Slack 14</b>	GCS14	356a		25309	SE 13668 46015		Green Crag Slack / towards Stead Crag	Upright square stone, with fissure - two possible shallow cups
<b>Green Crag Slack 15</b>	GCS15	357	PRN278	25309	SE 13698 45972		Green Crag Slack / towards Stead Crag	Upright rock sloping towards SW, cup and ring. Quarry marks also visible
<b>Green Crag Slack 16</b>	GCS16	358		25309	SE 13739 45904		Green Crag Slack / towards Stead Crag	Small, low pointed rock, eroded cup and ring on apex.
<b>Green Crag Slack 17</b>	GCS17	359	PRN279	25309	SE 13778 45850		Green Crag Slack / towards Stead Crag	Low domw shaped rock, cups, one with a partial ring.
<b>Green Crag Slack 18</b>	GCS18	360		25309	SE 13807 45846		Green Crag Slack / towards Stead Crag - not located	Small rock. A single basin on SE side.
<b>Green Crag Slack 19</b>	GCS19	362	PRN281	25309	SE 13816 45879		Green Crag Slack / towards Stead Crag - not located	Rock with one cup.
<b>Green Gates 01</b>	GG01	251	PRN182	25369	SE 11105 46127		Green Gates, Ilkley Moor, 80m NNE of Badger Stone	Low long rock cups, grooves.
<b>Green Gates 01a</b>					SE 10688 45745		Green Gates, Ilkley Moor, 370m E of Keighley Road, 490m Badger Stone (BST01)	Upright stone, with packing stones around base, three possible cups on S end.
<b>Green Gates 02</b>	GG02	252	PRN389	25370	SE 11149 46132		Green Gates, Ilkley Moor, 110m NE of Badger Stone .	Stone with complex curving grooves on N face slope.
<b>Green Gates 03</b>	GG03	254	PRN189 ??		SE 11330 46111		Green Gates, Ilkley Moor, E of the Badger Stone and close to main track	Possible cups and grooves on S face
<b>Green Gates 04</b>	GG04	255	PRN190	25371	SE 11417 46040		Green Gates, Ilkley Moor, E of Badger Stone and 110m S of main track	Upright rock with three carved vertical sides, cups rings.
<b>Green Gates 05</b>	GG05	256	PRN194	25372	SE 11497 46041		Green Gates, Ilkley Moor, E of Badger Stone and 110m S of main track	Small, smooth grit rock. Pitchfork-like groove, one cup, faint horseshoe.

Green Gates 06	GG06	257	PRN195	25372	SE 11499 46049		Green Gates, Ilkley Moor, 20m E of a small path running N-S	Low, flat rock, cups and rings.
Green Hill Wood	GHW01	095a	PRN7016		SE 1076- 4063-		Bingley, in field to E of Greenhill Lane	Rock with cup and ring, plus other possible cups.
Hanging Stones Rock	HR01	284	PRN216	25362	SE 12815 46759		Hangingstones Quarries, Ilkley Moor, W of Cow and Calf	Bedrock with complex designs on three sections.
Hangingstone Road 01	HRD01				SE 13621 46315		Near Cow and Calf Hotel. On road side (S side), immediately opposite pull in	Boundary stone by road 2.1m x 1.65m 0.78m a single possible cup on E facing slope
Hangingstones 01	HST01	277	PRN211?		SE 12614 46742		Close to Hangingstones, Ilkley Moor, amongst boulders on lower slopes	Rock with cup like depressions, very probably natural.
Hangingstones 02	HST02	278	PRN212	25340	SE 12679 46747		West of Hangingstones quarry, Ilkley Moor	Bedrock with cups
Hangingstones 03	HST03	279 280	PRN212	25340	SE 12679 46747		West of Hangingstones quarry, Ilkley Moor	Bedrock with cups
Hardwick Holes 01	HAH01	211	PRN682	25351	SE 08307 47310		Addingham Moorside, in pasture adjoining moorland, near wa;;.	Upright quarried rock, cups and cup and ring
Hardwick House	HH01	213	PRN139	25353	SE 08718 47337		Hardwick House Addingham Moorside, Wool combers shop (building) on N side .	Large rock, cups and grooves.
Haw 01	HAW01				SE 05206 46856		Private pasture in Swartha area, e of Silsden. On a prominent knoll known as 'Haw',	Area of bedrock quarrying cups and grooves
Hawk Stone	HAS01				SE17950 40993		South of Hawkstone Farm, about 15m into wood.	
Hawksworth Shaw 01	HS01	187			SE 14260 43910		Hawksworth Shaw, Hawksworth Moor in area of cairnfield	Small rock. 1 cup and possible groove
Hawksworth Shaw 02	HS02	188			SE 14260 43909		Hawksworth Shaw, Hawksworth Moor in area of cairnfield	Small rock, several cups.
Hawksworth Spring 01	HSP01	198	PRN374	25424	SE 15788 41200		Hawksworth Spring, in wood close to wall.	Flat rock split by tree, several cups and possible partial ring
Hawksworth Spring 01a	HSP01a				SE 15790 41192		Hawksworth Spring, 8m W of HSP01	Stone 1.90m x 1.70m with many cups of varying size and depth
Hawksworth Spring 02	HSP02	199			SE 1581- 4120-		Hawksworth Spring, in wood close to wall, under tree.	Rock with cups
Hawksworth Spring 03	HSP03	200	PRN375		SE 1592- 4092-	Y	Hawksworth Spring, near boulder walling. Not found	Small rock with cups
Hawksworth Spring 04	HSP04				SE 16084 40821		Hawksworth Spring, north of track intersection in trees	1 cup

High Ash Farm	HA01	89	PRN140?		SE 0885- 4265-	?	West Morton: High Ash Farm, formerly lying near footpath from Brownhill Farm towards How Beck, lying with walling in lower field. <u>Lost in wall rebuilding.</u>	Small, loose rock. Five cups, groove forming almost complete ring.
High Brunthwaite	HB01	32	PRN7240	25430	SE 05776 46145		High Brunthwaite, at the base of field wall, ESE of Townhead House	Flat rock, with cups, rings and a groove.
High Carr 01	HC01	33	PRN390	25412	SE 05786 43936		Riddlesden, High Carr, near wall on <u>outcropping</u>	Area of bedrock, cups
High Carr 02	HC02	34	PRN390	25412	SE 05786 43937		Riddlesden, High Carr, near wall on <u>outcropping</u>	Area of bedrock, cups

High Carr 05	HC05	37	PRN390	25412	SE 05790 43935		Riddlesden, High Carr, near wall on <u>outcropping</u>	Area of bedrock, cups
High Carr 06	HC06	38		25412 ?	SE 05792 43943		Riddlesden, High Carr, on edge of outcropping	Rock with one cup at N end.
High Carr 07	HC07				SE 06006 44212		High Carr, W of Jaytail Farm on steep slope in area of quarrying and boulders.	roughly rectangular rock 1.27m x 0.85m x 0.5m, 2 possible cups and other depressions on S face
High Carr 08	HC08				SE 06009 44190		High Carr, W of Jaytail Farm on steep slope in area of quarrying and boulders.	Portable stone 0.37m x 0.21m, single cup just off centre
High Crag 01	HIC01				SE 09048 46902		Woodhouse Crag area, in allotment below High Crag, 70m of intersection of walling	Large sub-rectangular shaped boulder, approx 5m x 3m. Cups, cup with possible arc
High Moor 01	HM01	72	PRN125		SE 0776- 4576-	Y	Black Pots, High Moor, now believed lost in forest.	Small stone with three cups.
High Moor 02	HM02	73	PRN673		SE 0779- 4580-	Y	Black Pots, High Moor, now believed lost in forest.	Small stone with cups.
High Moor 03	HM03	75	PRN674	25326	SE 07805 45762		High Moor, Rivock Forest	Stone with one cup
Hope Farm 01a	HF01a				SE 13859 39599		Located in a field, improved for pasture SW of Hope Hill, Baildon Moor	An orthostatic, relocated, quarried stone placed upright in denuded revetment walling. Cups
Horncliffe	HCL01	140	PRN254		SE 1333- 4353-		Hawksworth Moor, Horncliffe 'enclosure' on OS maps.	Rocks with natural depressions
How Beck	HOW01	88	PRN138	29126	SE 08655 42435		How Beck, near West Morton, in beck with other rocks.	Upright rock with cups, grooves, ring (part)
Hoyle Court	HOC01	201		25421	SE 16398 39185		Hoyle Court, Charlestown, near flats and a tree.	Wedge shaped rock, cups, rings and possible grooves

<b>Idol Stone</b>	IS01	322	PRN249	25333	SE 13265 45943		Green Crag Slack, Ilkley Moor, on W edge of path	Rectangular stone with cups and enclosing grooves
<b>Ilkley Crag</b>	IC01	266	PRN205	25378	SE 12210 46480		Ilkley Crag, Ilkley Moor, near footpath.	Triangular rock jutting out from slope, ground erosion underneath. One cup with ring
<b>Lanshaw 01</b>	LS01	334	PRN260	25294	SE 13427 45390		Lanshaw, Burley Moor, E of Lanshaw Delves	Fairly upright rock, cups, rings and grooves.
<b>Lanshaw 02</b>	LS02	335			SE 13439 45421		Lanshaw, Burley Moor, E of Lanshaw Delves	Low rock, cups
<b>Lanshaw 03</b>	LS03	336	PRN265	25303	SE 13465 45366	Y	Lanshaw, Burley Moor, E of Lanshaw Delves - not found	Small boulder with a single cup.
<b>Lanshaw 04</b>	LS04	337	PRN263	25308	SE 13466 45407		Lanshaw, Burley Moor, E of Lanshaw Delves	Small stone, some cups and grooves.
<b>Lanshaw 05</b>	LS05	339		25303	SE 13471 45366		Lanshaw, Burley Moor, E of Lanshaw Delves	Rock with one cup and ring with further groove
<b>Lanshaw 06</b>	LS06	340	PRN262?		SE 13471 45382		Lanshaw, Burley Moor, E of Lanshaw Delves	Small stone with cups and groove.
<b>Lanshaw 07</b>	LS07	341	PRN261	25303	SE 13472 45369		Lanshaw, Burley Moor, E of Lanshaw Delves	Medium-sized, rough grit rock. Two cups, a third doubtful, and a basin.
<b>Lanshaw 08</b>	LS08	343	PRN266	25296	SE 13484 45495		Lanshaw, Burley Moor, E of Lanshaw Delves near foot of slope	Fairly rounded stone with grooves and possible cups.
<b>Lanshaw 09</b>	LS09	344	PRN264 ?		SE 13493 45447		Lanshaw, Burley Moor, E of Lanshaw Delves	Ground level stone sloping with topography, grooves and possible cups.
<b>Lanshaw 10</b>	LS10	345	PRN269	25307	SE 13502 45424		Lanshaw, Burley Moor, E of Lanshaw Delves	Small triangular stone with cups.
<b>Lanshaw 11</b>	LS11	346	PRN270	25307	SE 13506 45428		Lanshaw, Burley Moor, E of Lanshaw Delves	Small rectangular low rock, many cups and rings
<b>Lanshaw 12</b>	LS12	349	PRN272	25295	SE 13540 45390		Lanshaw, Burley Moor, E of Lanshaw Delves	Rock with cups and possible rings
<b>Lanshaw Delves 01</b>	LD01		PRN9316		SE 12920 45424		South of Lanshaw Delves	Stone measuring 1.9 x 1.5 x 0.6m. A large shallow cup on S edge and possibly 5 others
<b>Lanshaw Delves 02</b>	LD02		PRN9318		SE 13089 45406		S side of Lanshaw Delves.	Small striated rock with one cup on southern end
<b>Lanshaw Delves 03</b>	LD03		PRN9317		SE 13115 45661		In area N of Lanshaw Delves towards Green Crag.	Large rectangular stone, approx 2.5m x 1.25 x 1m, cups and groove
<b>Lanshaw Delves 04</b>	LD04	309			SE 13132 45492		Lanshaw Delves, 63m W of track and surrounded by boulders	Large sub rectangular striated rock, some cups clustered.

Lanshaw Delves 05	LD05				SE 13142 45472		East end of Lanshaw Delves.	Low lying triangular boulder 0.9m x 0.7m x 0.1m. 2 possible cups.
Lanshaw Delves 06	LD06		PRN9320		SE 12558 45510		west-end of Lanshaw Delves, about 7 metres north of path	A possible cup in the centre of vertical NE face.
Lanshaw Lad 01	LL01	275	PRN210		SE 1257- 4520-		Lanshaw, NW of 12 Apostles.	Large rock with many small depressions, all thought to be lost pebble inclusions (natural)
Little Skirtful of Stones Cairn 01	LSS01			25312	SE 13824 45187		Little Skirtful of Stones cairn, Burley Moor. W end of cairn	Rounded stone measuring 0.21m x 0.14m x 0.13m. Single possible cup.
Little Skirtful of Stones Cairn 02	LSS02	362b		25312	SE 13828 45180		Little Skirtful of Stones cairn, Burley Moor. S end of cairn.	Small domed rock at S edge, single cup.
Little Skirtful of Stones Cairn 03	LSS03	362c		25312	SE 13840 45189		Little Skirtful of Stones cairn, Burley Moor. N of cairns centre.	Small rock towards cairns N edge, a shallow, broad, single cup.
Little Skirtful of Stones Cairn 04	LSS04	362d		25312	SE 13833 45180		Little Skirtful of Stones cairn, Burley Moor. On S edge of cain	Small stone with a single cup.
Little Skirtful of Stones Cairn 05	LSS05				SE 13832 45188		Little Skirtful of Stones cairn, Burley Moor. N of central hollow.	Roughly rectangular boulder 0.31m x 0.25m x 0.17m. One cup in one corner. Modern?
Little Skirtful of Stones Cairn 06	LSS06				SE 13832 45180		Little Skirtful of Stones cairn, Burley Moor. S end of cairn.	Subcircular earthfst rock 0.32m x 0.3m x 0.1m. 2 cups
Little Skirtful of Stones Cairn 07	LSS07				SE 13824 45185		Little Skirtful of Stones cairn, Burley Moor. SW end of cairn, near base.	A small rounded boulder 0.27m x 0.16m x 0.15m with a possible small 3cm diameter possible cup.
Little Skirtful of Stones Cairn 08	LSS08				SE 13829 45188		Little Skirtful of Stones cairn, Burley Moor. SSW end of cairn, near base.	A rectangular stone 0.36m x 0.22m x 0.24m, 1.5m from base of cairn. 2 possible cups
Little Skirtful of Stones Cairn 09	LSS09				SE 13829 45188		Little Skirtful of Stones cairn, Burley Moor. W end of cairn, about 2m in from base	A square stone measuring 0.25m x 0.23m x 0.08m. A single broad shallow possible cup
Little Skirtful of Stones Cairn 10	LSS10				SE 13830 45188		Little Skirtful of Stones cairn, Burley Moor. W end of cairn, about 2m in from base	Flat thin coarse grain slab measuring 0.4m x 0.4m x 0.1m, 3 possible shallow cups.
Little Skirtful of Stones Cairn 11	LSS11	362a		25312	SE 13835 45187		Little Skirtful of Stones cairn, Burley Moor. Not found during 2012/13 surveys.	Small rock at SW edge with single cup
Loadpit Beck 01	LB01				SE 12728 39142		Broadstone Wood, on W slopes above Loadpit Beck.	Roughly rectangular rock 0.42m x 0.23m x 0.06m, 2 broad shallow cups.
Loadpit Beck 02	LB02	120	PRN325	25278	SE 12868 40078		Eldwick, Loadpit Beck, on slopes of W bank overlooking bridge	Rock with cups
Lode Pit Lane 01	LPL01	117	PRN324		SE 12664 39710	Y	Eldwick, Lode Pit Lane, at base of field wall on field side. Not Located (CSI)	Low rock. Cups and grooves
Lode Pit Lane 02	LPL02	118			SE 12760 39760	Y	Eldwick, Lode Pit Lane, close to field wall. Not Located (CSI)	2 possible cups.
Lode Pit Lane 03	LPL03	119			SE 12792 39769	Y	Eldwick, Lode Pit Lane, in field S of lane, at base of wall. Not seen (CSI)	Small stone, two possible cups.
Low Fold Farm	LFF01	124			SE 13062 40750		Eldwick, SE of Cropper Fold and N of Low Fold Farm in wall junction, next to stile.	Small stone, now covered by another. Stone has cup and ring.

<b>Low Hill 01</b>	LH01				SE 14903 40874		Baildon, 140m west of Low Hill (building) in a track, between disused pits.	Earthfast stone boulder 0.95m x 0.33m x 0.18m, two cups.
<b>Low Plain 01</b>	LP01	147	PRN7202	25410	SE 13718 40092		Low Plain, Baildon Moor, cemented upright close to wall of Dobrudden caravan park	Upright stone, complex design of cups, some rings and enclosing grooves.
<b>Low Plain 02</b>	LP02	150	PRN344	25410	SE 13723 40097		Low Plain, Baildon Moor, close to path	ground level rock, cups, two with rings and possible grooves.
<b>Low Plain 03</b>	LP03	151	PRN345	25410	SE 13734 40225		Low Plain, Baildon Moor, W of N-S running from caravan park	Small rock. Cups on upper surface and some on W edge.
<b>Low Plain 04</b>	LP04				SE 13737 40286		Baildon Moor, Low Plain. In track	Carved stone in track, one cup and one natural natural depression
<b>Low Plain 05</b>	LP05	152	PRN346	25410	SE 13743 40161		Baildon Moor, Low Plain, several metres W of path	Small, low rock, numerous cups.
<b>Low Plain 06</b>	LP06			25410	SE 13759 40144		Baildon Moor, Low Plain, in main track N of Caravan Park.	Low rock, three cups in arc, centre cup with irregular ring
<b>Low Plain 07</b>	LP07	153	PRN347	25410	SE 13753 40226		Baildon Moor, Low Plain, several metres E of main track from the Caravan Park.	Long, low rock, cups.
<b>Low Plain 08</b>	LP08	155	PRN352	25410	SE 13769 40304		Baildon Moor, Low Plain, several metres S of main track from the Caravan Park.	Square, low rock, several possible cups.
<b>Low Plain 09</b>	LP09	156	PRN350	25410	SE 13771 40235		Baildon Moor, Low Plain, 30 metres E of main track from the Caravan Park.	Rock with cups and grooves.
<b>Low Plain 10</b>	LP10	157	PRN349	25410	SE 13772 40166		Baildon Moor, Low Plain, to E of main track from the Caravan Park.	Small, low rock, one cup.
<b>Low Plain 11</b>	LP11	158	PRN351	25410	SE 13781 40259		Baildon Moor, Low Plain, to E of main track from the Caravan Park.	Small rock, cups some with grooves and a ring.
<b>Low Plain 12</b>	LP12	160	PRN355	25410	SE 13787 40274		Baildon Moor, Low Plain, to E of main track from the Caravan Park.	Small, flat rock. Cups
<b>Low Plain 13</b>	LP13	162	PRN356	25410	SE 13801 40284		Baildon Moor, Low Plain, to E of main track from the Caravan Park	Small rock with cups, two joined.
<b>Low Plain 14</b>	LP14	163		25410	SE 13804 40282		Baildon Moor, Low Plain, to E of main track from the Caravan Park	Low rock, one visible cup
<b>Low Plain 15</b>	LP15	164	PRN358	25410	SE 13828 40272		Baildon Moor, Low Plain, to E of main track from the Caravan Park and between others.	Small ground level rock, cups and possible grooves.
<b>Low Plain 16</b>	LP16	166	PRN357	25410	SE 13830 40233		Baildon Moor, Low Plain, to E of main track from the Caravan Park	Small rock a number of cups and grooves, two crossing.
<b>Low Plain 17</b>	LP17	167		25410	SE 13833 40249		Baildon Moor, Low Plain, to E of main track from the Caravan Park	Small ground level rock, cups and a possible groove.
<b>Low Plain 18</b>	LP18	168		25410	SE 13836 40316		Baildon Moor, Low Plain, to S of main track from the Caravan Park	Small triangular rock with possible cups and possible curving groove.
<b>Low Plain 19</b>	LP19	169		25410	SE 13838 40147 (moved)		Baildon Moor, Low Plain, to ENE of Caravan Park	Small stone, one cup with irregular ring, another cup.

<b>Low Plain 20</b>	LP20	170	PRN361	25410	SE 13841 40313		Baildon Moor, Low Plain, to S of main track from the Caravan Park	Low rock with cups and possible grooves.
<b>Low Plain 21</b>	LP21	171	PRN359	25410	SE 13842 40268		Baildon Moor, Low Plain, to S of main track from the Caravan Park	Small rock with cups, two joined together.
<b>Low Plain 22</b>	LP22	172	PRN360	25410	SE 13843 40273		Baildon Moor, Low Plain, to S of main track from the Caravan Park	Small ground level rock, three cups.
<b>Low Plain 23</b>	LP23	173	PRN362	25410	SE 13844 40347		Baildon Moor, Low Plain, on N edge of main track from the Caravan Park	Small low rock. Cups with partial rings.
<b>Low Plain 24</b>	LP24	174		25410	SE 13851 40295		Baildon Moor, Low Plain, to S of main track from the Caravan Park	Small area of exposed bedrock. One cup.
<b>Low Plain 25</b>	LP25	175	PRN363	25410	SE 13855 40309		Baildon Moor, Low Plain, to S of main track from the Caravan Park	A small ground level rock, three possible cups.
<b>Low Plain 26</b>	LP26	178	PRN365	25410	SE 13866 40320		Baildon Moor, Low Plain, to S of main track from the Caravan Park	Small rock, cup with partial ring and groove joined to another cup.
<b>Low Plain 27</b>	LP27				SE 13885 40262		Baildon Moor, Low Plain. In small pit concealed by rushes.	A boulder approx 1.1m x 0.7m. 3 cups probably moved to current position
<b>Low Plain 28</b>	LP28	179	PRN366	25410	SE 13890 40337		Baildon Moor, Low Plain, to S of main track from the Caravan Park	Small, low rock, one cup.
<b>Low Plain 28a</b>	LP28a			25410	SE 13905 40383		Baildon Moor, Low Plain, to N of main track from the Caravan Park	Rock 0.80m x 0.30m x 0.15m , 2 cups
<b>Low Plain 29</b>	LP29	180		25410	SE 13907 40363		Baildon Moor, Low Plain, just S of main track from the Caravan Park	Small, low rock, cups one with arc, possilbe grooves.
<b>Low Plain 29a</b>	LP29a				SE 13909 40371		Baildon Moor, Low Plain, N side of main track from the Caravan Park	Earthfast sandstone boulder 0.77m X 0.36m. Cups and possible grooves
<b>Low Plain 30</b>	LP30	181	PRN367	25410	SE 14089 40354		Baildon Moor, Low Plain, on W side of a footpath.	Ground level rock, two cups.
<b>Low Plain 31</b>	LP31	184	PRN368	25410	SE 14122 40448		Baildon Moor, Low Plain, on S side of main footpath onto the moor from car park.	Large low stone, cups, possilbe ring and groove.
<b>Meadowsweet Farm 01</b>	MF01				SE 12905 40220		Eldwick, in field wall, S of Spring Lane and Meadowsweet Farm.	Stone moved into base of wall, cups, dumbbell and curving grooves
<b>Pancake Ridge 01</b>	PR01	295	PRN227	25343	SE 12961 46396		West end of Pancake Ridge, aka 'Planets Rock', NW of "Haystack Rock" (PR05)	Low, rounded rock with complex designs of cups, rings and connecting grooves.
<b>Pancake Ridge 01a</b>	PR01a				SE 12917 46419		Pancake Ridge, 12m s of quarry and 1 N of footpath.	Low boulder measuring 1.7m x 0.9m x 0.25m. A single possible cup, possibly countersunk
<b>Pancake Ridge 02</b>	PR02	297	PRN7215	25335	SE 12991 46385		W end of Pancake Ridge, just north of a small footpath	fairly upright stone, cups.
<b>Pancake Ridge 03</b>	PR03	298	PRN228	25342	SE 12998 46314		W end of Pancake Ridge, W of Haystack (PR05)	Small upright rock. Three possible cups on vertical E face, unclear whether recent
<b>Pancake Ridge 04</b>	PR04	301	PRN230	25342	SE 13012 46297		W end of Pancake Ridge, approx 15m S of Haystack (PR05)	Low rock. One cup.

Pancake Ridge 05	PR05	302	PRN231	25342	SE 13027 46309		W end of Pancake Ridge, aka 'Haystack'	Large rectangular rock, busy design of cups, rings on apex and N facing slope side.
Pancake Ridge 06	PR06	316	PRN247	25360	SE 13217 46224		Rombalds Moor, Pancake Ridge, just N of footpath.	Sloping rock, one cup towards SW edge.
Pancake Ridge 07	PR07	320	PRN 248	25360	SE 13254 46214		Rombalds Moor, Pancake Ridge, just S of main footpath.	Sloping rock, cups
Pancake Ridge 08	PR08	326	PRN 253	25360	SE 13283 46223		On Pancake Ridge, immediately north of main footpath.	Split rock, one cup.
Pancake Ridge 09	PR09	328	PRN256	25360	SE 13357 46201		On Pancake Ridge, approx 12m south of main footpath	Low rectangular rock with cups
Pancake Ridge 10	PR10	329	PRN258	25360	SE 13360 46202		On Pancake Ridge, approx 10m south of main footpath	Possible split rocks with cups and grooves.
Pancake Ridge 11	PR11	330	PRN 257	25360	SE 13361 46197		On Pancake Ridge, approx 14m south of main footpath	Possible split rock with cups on each section.
Pancake Ridge 11a	PR11a			25360	SE 13362 46201		On Pancake Ridge, approx 10m south of main footpath.	A low lying, angular boulder measuring 1.78m x 0.75m x 0.18m, possible groove.
Pancake Ridge 12	PR12	331	PRN255?	25360	SE 13365 46157	Y	S of Pancake Ridge, Burley Moor. Not located.	Small ground level rock with cups.
Pancake Ridge 13	PR13	333	PRN314 ?	25360	SE 1342- 4617-	Y	S of Pancake Ridge, Burley Moor. Not located.	Small rock. Two cups.
Pancake Ridge 14	PR14	338	PRN267	25360	SE 13468 46176		On Pancake Ridge, south of main footpath	Rock in three section, with varying numbers of cups on each.
Pancake Ridge 15	PR15				SE 13508 46128		Pancake Ridge, Burley Moor. 22m S of main track and 2m W of a small track.	Triangular stone 0.85m x 0.64m x 0.67m with a single 10cm x 8 cm cup on the E slope face
Pancake Stone	PST01	332	PRN259	25360	SE 13404 46228		Pancake Ridge, Burley Moor	Overhanging prominent stone with cups, rings and grooves.
Panorama Rocks 01	PAR01	226			SE 103-- 470--	Y	Rombalds Moor - now lost.	Complex design.
Panorama Rocks 02	PAR02	227	PRN193	25254	SE 11466 47287		Opposite St. Margaret's	Cups and rings
Panorama Rocks 03	PAR03	228	PRN192	25254	SE 11468 47288		Opposite St. Margaret's	Cups and rings
Panorama Rocks 04	PAR04	229	PRN191	25254	SE 11470 47290		Opposite St. Margaret's	Cups and rings, grooves. Most complex in enclosure
Panorama Woods 01	PW01	230	PRN156	25359	SE 10377 47027		In Panorama Woods	Smaller rock, cups.
Panorama Woods 02	PW02	231	PRN157	25359	SE 10377 47027		In Panorama Woods	Boulder one cup.
Panorama Woods 03	PW03	232	PRN155	25359	SE 10380 47027		In Panorama Woods	Large rock, many cups and some grooves.
Panorama Woods 04	PW04	233	PRN154	25359	SE 10382 47027		In Panorama Woods	Rock with cups and grooves
Panorama Woods 05	PW05	236	PRN161	25358	SE 10395 47039		In Panorama Woods, NE of other carvings	Rock with cups and ring

<b>Pennythorn Hill 01</b>	PH01	177	PRN7207	25408	SE 13858 41204		Baildon Moor, Pennythorn Hill, E of golf fairway and 32m S of wall, near track.	Low rock, cups, one with ring.
<b>Pennythorn Hill 02</b>	PH02	182	PRN7208	25409	SE 14113 40744		Baildon Moor, Pennythorn Hill, approx 85m N of Bingley Road.	Small stone, one cup..
<b>Pinfold Hill 01</b>	PNH01	40			SE 06492 44324		Pinfold Hill, 20m from road, 6m from wall.	Quarried bedrock doubtful cups.
<b>Pinfold Hill 02</b>	PNH02				SE 06418 44564		NE side of Pinfold Hill, in field immediately E of telephone mast.	Exposed bedrock measuring 5.3m x 2.3m x 0.3m. In SW quadrant, a cup with single groove.
<b>Piper's Crag 01</b>	PC01	212	PRN2078	25354	SE 08496 47095		Rombalds Moor, Pipers Crag, 12m north of path	Low rock on crag edge, complex design of cups, some with rings, grooves.
<b>Piper's Crag 03</b>	PC03						Rombalds Moor, Pipers Crag, in narrow strip of allotment, 3m NE of gate,	A thin strip of probable bedrock, with two small cup-like depressions.
<b>Piper's Crag 03a</b>	PC03a						Rombalds Moor, Pipers Crag, in narrow strip of allotment, approx 10m NE of gate	Triangular area of bedrock, one possible large cup-like depression and an arc
<b>Piper's Crag 04</b>	PC04						Rombalds Moor, Pipers Crag, 171m E of gate and in between two tracks.	Rounded boulder approx 1.3m x 0.8m one broad shallow depression, possibly natural
<b>Primose Lane</b>	PL01	114	PRN323		SE 12037 39045		Gilstead, Primrose lane, near road and behind road sign.	Small rock with depressions
<b>Rivock 01</b>	RV01	43	PRN7237	25316	SE 07327 44698		Within Rivock plantation, next to wall.	Large rectangular with a number of cup like depressions on upper surface.
<b>Rivock 02</b>	RV02	45	PRN107	25319	SE 07358 44626		Rivock on crag edge, most westerly of carved stones	Large rock with possible cups.
<b>Rivock 03</b>	RV03	46	PRN107	25319	SE 07360 44629		Rivock on crag edge, central of carved stones	Large outcrop rock, several cup like depressions on surface.
<b>Rivock 04</b>	RV04	47	PRN107	25319	SE 07362 44630		Rivock on crag edge, most easterly of carved stones	Part of outcrop, several cups or cuplike depressions.
<b>Rivock 05</b>	RV05	48	PRN105	25319	SE 07364 44630		Rivock, close to crag edge.	Small, rectangular rock, complex design of cups, rings and grooves.
<b>Rivock 06</b>	RV06	49	PRN106	25319	SE 07365 44631		Rivock, close to crag edge.	Small, rectangular rock, complex design of cups, rings and elongated enclosing grooves.
<b>Rivock 06a</b>	RV06a				SE 07389 44891		Rombalds Moor, Rivock. Approx 70m N of track in mature plantation	Boulder measuring 1.05m x 0.5m x 0.4m single cup near centre
<b>Rivock 07</b>	RV07	50	PRN108		SE 07403 44637		Rivock plantation, about 30m on E side of wall	Small rock, cups and grooves.
<b>Rivock 08</b>	RV08	51	PRN108		SE 07403 44637		Rivock plantation, about 30m on E side of wall	Small stone, four cups.
<b>Rivock 09</b>	RV09	52	PRN109		SE 07408 44640	Y	Rivock plantation, about 30m on E side of wall. Now Lost	Reddish rock thought possibly to have cups, now lost.

<b>Rivock 10</b>	RV10	53	PRN110	25320	SE 07412 44618		Rivock plantation, about 20m on E side of wall.	Small rock. Three cups, possible connect by a groove.
<b>Rivock 11</b>	RV11	54	PRN112	25321	SE 07425 44623		Rivock plantation, about 30m on E side of wall.	A rock with many cups varying in size and depth.
<b>Rivock 12</b>	RV12	55	PRN111	25317	SE 07435 44555		Towards Rivock Edge, over plantation wall on S side and 1m distant.	Ground level rock, with cups, mostly covered.
<b>Rivock 13</b>	RV13	57	PRN113	25323	SE 07454 44523		Towards Rivock Edge, 9m from wall on W side.	Low rock with a single cup
<b>Rivock 14</b>	RV14	58	PRN114	25318	SE 07470 44490		Towards Rivock Edge, 14m from wall on W side.	Large low square rock, a number of cups of varying probability .
<b>Rivock 15</b>	RV15	59	PRN116	25314	SE 07483 44455		Towards Rivock Edge, 50m ESE of trig point and 33m from wall.	Dome shaped rock with many cup like depressions, mostly lichen covered.
<b>Rivock 16</b>	RV16	60	PRN115	25315	SE 07474 44472		Towards Rivock Edge, 43m ENE of trig point and 23m from wall.	Upright rock possible cup and ring on N side, towards bottom of stone.
<b>Rivock 17</b>	RV17	61			SE 07482 44789		Rivock, in plantation.	Fairly upright rock with some possible cups marks
<b>Rivock 18</b>	RV18	62	PRN117		SE 07484 44722		Rivock, in plantation.	Large rock with complex design of cups, some with rings and grooves.
<b>Rivock 19</b>	RV19	63			SE 0749- 4489-	Y	Rivock, in plantation. Not found	Large sloping rock, two cups one with partial ring.
<b>Rivock 20</b>	RV20	64	PRN118	25324	SE 07481 44837		Rivock, in plantation.	Low square stone sloping with topography, a number of cups.
<b>Rivock 21</b>	RV21	65	PRN119	25322	SE 07508 44566		Rivock, in plantation.	Low rock with numerous cups some of which have rings, in addition to grooves.
<b>Rivock 22</b>	RV22	66	PRN120	25325	SE 07522 44823		Rivock, in plantation.	Large rock. A number of cups and irregular triple rings.
<b>Rivock 23</b>	RV23	67	PRN121	25325	SE 07523 44823		Rivock, in plantation.	Large rock, a complex carvings including cups, rings and grooves.
<b>Rivock 24</b>	RV24	68	PRN122??		SE 07567 44653		Rivock, in plantation.	Large sloping rock with cups and some grooves.
<b>Rivock 24a</b>	RV24a				SE 07634 44209		On SE end of Rivock Edge, in moorland area. 74m NE of intersection of wall	Boulder with two possible cups
<b>Rivock 24b</b>	RV24b				SE 07640 44215		On SE end of Rivock Edge, in moorland area. 74m NE of intersection of wall	Irregular low lying domed rock, 1.08mx 0.63m x 0.14m. 2 cup-like depressions
<b>Rivock 24c</b>	RV24c				SE 07678 44154		SE end of Rivock Edge, in moorland, 100m E of field wall intersection	Subtriangular sonte measuring 1.53m x 1.04m x 0.52m. A single at centre of rock
<b>Rivock 25</b>	RV25	71			SE 07715 44290		Rivock, on moorland E of wall to plantation	Large, almost square rock, a number of depressions.

<b>Rivock 26</b>	RV26	76			SE 07825 44374		Rivock, on moorland E of wall to plantation	Large rock aungular, a number of depressions, natural?
<b>Rivock 27</b>	RV27	78	PRN675		SE 07846 44298		Rivock, on moorland E of wall to plantation	Elongated rock with several possible cups towards N and others.
<b>Rivock 28</b>	RV28	79	PRN677	25274	SE 07900 44607		Rivock, on moorland E of wall to plantation	Large, low, sloping rock with complex design of cups and grooves grouped together.
<b>Rivock 29</b>	RV29	80	PRN678	25268	SE 07990 44211		Rivock, on moorland E of wall to plantation	Large fairly upright split rock. A number of shallow cup-like depressions.
<b>Rivock 29a</b>	RV29a				SE 08016 44222		Rivock, on moorland E of wall to plantation, 10m S of a prominent upright stone	Low lying rock, two or three possible cups
<b>Rivock 30</b>	RV30	81	PRN679	25267	SE 08120 44110		Rivock moorland, 77m E of a wall and fence line.	Large quarried upright rock, cups, one with a ring.
<b>Rivock 31</b>	RV31	82	PRN680	25279	SE 08141 44888		Rivock, set in boundary wall to plantation.	Large, high, rectangular rock in wall. Complex motifs with cups, some rings and grooves
<b>Rivock 32</b>	RV32	83	PRN681	25277	SE 08163 44768		Rivock moorland, 117m SSE of RV32.	Large, flat rock. A number of cups and one with a partial ring.
<b>Rivock 33</b>	RV033				SE 08269 44019		Rivock, moorland, in same allotment as RV30 172m SE and 78m N of the wall	A low lying rock approx 1m x 1m and quarried on its E. Possible cups and parallel grooves??
<b>Rivock 34</b>	RV34				SE 08376 43797		Rivock, 11m E of S-N footpath from Moor Edge Farm on West Morton to Silsden Rd.	Boulder 1.40m x 1.20m x 0.38m sloping into ground. One clear cup and ring on SW corner.
<b>Rivock Edge 01</b>	RE01				SE 07782 43878		In private pasture, below Rivock Edge, 51m NNE of telegraph pole / pylon.	Low lying rock with numerous cuplike depressions, difficult to determine artificiality
<b>Robin Hood Wood 01</b>	RHW01	039a	PRN9277		SE 06454 44659		Robin Hood Wood, Rough Holden, near base of wall on N side.	Low flat stone, a number of cups some joined by connecting grooves
<b>Robin Hood Wood 02</b>	RHW02				SE 06521 44887		Robin Hood Wood, Rough Holden, W of main track.	Low flat stone, three possible cups.
<b>Robin Hood Wood 03</b>	RHW03				SE 06530 44898		Robin Hood Wood, Rough Holden, W of main track and 15m W of larger stones	Low flat stone, one cup, now covered
<b>Robin Hood Wood 04</b>	RHW04				SE 06641 44874		Robin Hood Wood, Rough Holden, E and N main track. Largest stone in area	Large upright stone, one large cup like despressions and several natural
<b>Rough Holden 01</b>	RH01	039c			SE 06495 45313		Rough Holden, in pasture sloping down to Holden Beck. 112m NNW of field gate	Sub rectangular flat stone, numerous cups, grooves and possible partial rings.
<b>Rough Holden 02</b>	RH02	040b			SE 06525 45053		Rough Holden, on E sloping ground of The Crag, 35m W of the track.	Small flat stone, two or three cups, one with an arc & arc
<b>Rough Holden 03</b>	RH03	040e			SE 06873 45012		Rough Holden, just on break of a slight slope down to probable hollow way.	A stone with 2 cups with long linear grooves on the E sloping face
<b>Rough Holden 04</b>	RH04	040g			SE 06881 44924		Rough Holden, just W of a small worn track in the grass.	Ground level stone with a number of cups, one of which has a groove.
<b>Rough Holden 05</b>	RH05	040h			SE 06886 44726		Rough Holden, in area of extractive industry, 50m S of an artificial watercourse	Low rock with a number of cups of varying size.

<b>Rough Holden 06</b>	RH06	040f			SE 06887 44861		Rough Holden, just E of main worn track in area of filled pits.	Fairly upright oblong stone, just over 1m in length. Three cups and elongated groove
<b>Rough Holden 07</b>	RH07	040i			SE 06918 45020		Rough Holden, just E of main worn track in area of filled pits.	Small, low, sub rectangular rock with cup and ring, other cups and grooves.
<b>Rough Holden 08</b>	RH08	040j			SE 06960 45027		Rough Holden, 50m E of worn path, in a collection of recently moved boulders	Large round rock, approx 2m x 1.40m x 1m, a number of cups some connected by grooves
<b>Rough Holden 09</b>	RH09	040k			SE 07021 44884		Rough Holden, 140m E of main worn path and 135m from fieldwall.	Upright rounded rock, with a number of cup-like depressions.
<b>Rushy Beck 01</b>	RB01	374	PRN291	25309	SE 13891 45757		Rushy Beck, Burley Moor, towards Stead Crag, 55m W of a modern cairn, and track	Ground level rock with a number of cups.
<b>Rushy Beck 02</b>	RB02	375	PRN290	25309	SE 13891 45758		Rushy Beck, Burley Moor, towards Stead Crag, 55m W of modern cairn, 1m S of RB01	Ground level rock with cups, two with rings and some grooves.
<b>Rushy Beck 03</b>	RB03	382	PRN295		SE 13926 45697		Rushy Beck, Burley Moor, towards Stead Crag, 18m from beck and 55m W of path	Small rock, some cups, possible grooves.
<b>Rushy Beck 04</b>	RB04	383	PRN296	25309	SE 13970 45741		Rushy Beck, Burley Moor, towards Stead Crag, immediately E of main track	Small rounded rock, one central cup.
<b>Rushy Beck 05</b>	RB05	383a		25309	SE 13971 45739		Rushy Beck, Burley Moor, towards Stead Crag, immediately E of main track	Small rock with possible irregular shallow cup-like depression.
<b>Silver Well 01</b>	SW01	225	PRN153	25391	SE 10252 46579		Ilkley Moor, SW of Silver Well on higher ground	Low, flat rock with many cups a some possible grooves.
<b>Silver Well 02</b>	SW02	238	PRN162	25394	SE 10474 46635		Ilkley Moor, 41m SSE of gate into Silver Well cottage, on higher ground.	Large, red grit rock. Nine or more cups, some joined by grooves.
<b>Silver Well 03</b>	SW03	239	PRN164	25396	SE 10489 46682		Ilkley Moor, several metre ENE of gate into Silver Well cottage.	Ground level, flat rock with one cup.
<b>Silver Well 04</b>	SW04	240	PRN163	25395	SE 10489 46623		Ilkley Moor, 55 metres SE of gate into Silver Well cottage.	Small, upright rock with several depressions, possibly natural.
<b>Silver Well 05</b>	SW05	241	PRN165?		SE 10527 46616		Ilkley Moor, 88 metres SE of gate into Silver Well cottage.	A small ground level rock, sloping with topography, one cuplike depression
<b>Soldier's Trench 01a</b>	ST01a				SE 13010 39078		Soldiers Trench, Shipley Glen	Boulder 0.36m x 0.34m x 0.04m. Sloping to SW. 7 cuplike depressions
<b>Soldier's Trench 01b</b>	ST01b	127	PRN328	25257	SE 13042 39070		Soldiers Trench, Shipley Glen	Fairly upright rock, with four possible cups towards northern end.
<b>Soldier's Trench 02</b>	ST02	131		25257	SE 13054 39093		Soldiers Trench, Shipley Glen	Fairly flat, low area of bedrock, with one small possible cup
<b>Soldier's Trench 03</b>	ST03	129	PRN329	25257	SE 13077 39092		Soldiers Trench, Shipley Glen	Area of probable bedrock at ground level, four holes, probably recent.
<b>Southpiece 01</b>	SP01	394		25423	SE 16081 44357		In a field NW of Southpiece Cottage, Menston, in denuded walling.	Small rock in walling, several cups on N vertical face.
<b>Southpiece 02</b>	SP02	395		25422	SE 16105 44380		In a field NW of Southpiece Cottage, Menston, in denuded walling, near tree.	Upright rock, possibly moved. Carving now on N vertical face.

Stanbury Hill 01	SH01	96			SE 10969 43350		Stanbury Hill, Bingley Moor, on SW sloping hillside.	Ground level boulder, cup with ring, grooves and other cup.
Stanbury Hill 02	SH02	97	PRN171	25261	SE 10970 43360		Stanbury Hill, Bingley Moor, on peak of the hill.	Small, upright rock, cups with partial rings and possible groove.
Stanbury Hill 03	SH03	98	PRN7211	25260	SE 10981 43365		Stanbury Hill, Bingley Moor, on peak of the hill.	Ground level rock with one cup with a groove.
Stanbury Hill 04	SH04	99	PRN7210	25260	SE 10983 43368		Stanbury Hill, Bingley Moor, on peak of the hill.	Ground level rock with one cup and partial ring, with other grooves and a cup
Stanbury Hill 05	SH05	100	PRN175	25260	SE 10984 43379		Stanbury Hill, Bingley Moor, on northern slope of hill	Small upright rock, with northern vertical edge, several cups along edge.
Stanbury Hill 06	SH06	101	PRN173	25260	SE 10985 43357		Stanbury Hill, Bingley Moor, on peak of the hill.	Small sloping rock, one cup with partial ring, and other cups.
Stanbury Hill 07	SH07	102	PRN174	25260	SE 10990 43361		Stanbury Hill, Bingley Moor, on peak of the hill.	Small rock with two levels, busy design of cups, rings around edge of cups. Some tool marks.
Stanbury Hill 08	SH08	105	PRN177	25259	SE 11025 43334		Stanbury Hill, Bingley Moor, 45m E of main cluster on break of northern slope.	Small, low rock, busy design of cups and some grooves,
Stanbury Hill 09	SH09	106a			SE 11145 43269		E end of Stanbury Hill, Bingley Moor, 91m W of track.	Large upright rock, a number of possible cups.
Stanbury Hill 11	SH11	109	PRN183	25262	SE 11224 43139		E end of Stanbury Hill, Bingley Moor, 42m W of track.	Small, low rock. A number of cups and possible short grooves.
Stanbury Hill 13	SH13	110	PRN185 ?		SE 11229 43143		E end of Stanbury Hill, Bingley Moor, 37m W of track in small cairn.	Small triangular rock, NE vertical side has cup with rings.
Stanbury Hill 14	SH14	111	PRN186		SE 11229 43143	Y	E end of Stanbury Hill, Bingley Moor, 37m W of track in small cairn. Now lost.	Very small rock with cup and groove motifs.
Stead 01	STE01	389	PRN302	25428	SE 14596 46022		Stead, in field S of Stead Hall Farm, 8m from gate.	Low rounded rock, with a number of cups.
Stead 01a	STE01a				SE 14765 45908		In field to the E of Stead Hall Farm and Stead Lane. In quarry pit	Roughly rectangular rock, 3.3m x 2.1m x 1.8m. 6 cups and possible L shaped groove. Quarried.
Stead 02	STE02	392	PRN304	25429	SE 15027 46350	Y	Stead, in area of woodland to W of field. Not found.	Small rock, three cups.
Stead Crag 01	SC01	386	PRN7214	25305	SE 14120 45591		Stead Crag, Burley Moor, S side of footpath, 8m from wall.	Upright rock, with cup like depressions and natural basins.
Stead Crag 02	SC02	387	PRN299		SE 14138 45582		Stead Crag, Burley Moor, S side of footpath, 5m from wall.	Large almost square stone, with possible cups and grooves. May well be natural
Stead Crag 03	SC03	388	PRN300	25304	SE 14160 45517		Stead Crag, Burley Moor,, 35m from wall	Prominent quarried rock with cups, partial rings and possible grooves.
Stocks Hill	STH01	393	PRN305	25287	SE 15420 44081		Stocks Hill, in area of extractive industry, in a pit at NE end of modern cairn.	Large rock near bottom of pile, other stones on it. Many cup like depressions, natural??
Swastika Stone	SST01	217	PRN146	25388	SE 09554 46968		Woodhouse Crag, Ilkley Moor, surrounded by railings on edge of outcrop.	Area of bedrock with Swastika motif connect to a cup and partial ring by later groove

<b>The Springs 01</b>	TSP01	119a			SE 12811 40626		Eldwick, in field wall 95m N of Spring Lane, 8.5m W of tree trunk	Rounded boulder in base of wall. 2 cups, one elongated and a smaller cup with groove
<b>The Tarn 01</b>	TT01	265			SE 1220- 4707-	Y	Near The Tarn, Ilkley Moor, near to a path. Not Found	Large rock, cups, one with ring.
<b>Thimble Stones</b>	TST01	246	PRN170		SE 1089- 4515-		Thimble Stones(S), area of outcropping to E of Whetstone Gate.	Many large boulders, some with cup-like depressions and basin, probably natural.
<b>Todmor Stones 01</b>	TS01	103	PRN179	25263	SE 10992 42594		Todmor Stones, Bingley Moor, approx 55m W of track	Small, ground level rock with cups and some grooves.
<b>Todmor Stones 02</b>	TS02	106	PRN180	25264	SE 11033 42599		Todmor Stones, Bingley Moor, approx 14m W of track	Small rock with flat top, one well defined cup on upper surface.
<b>Todmor Stones 03</b>	TS03				SE 11055 42591		Todmor Stones, Bingley Moor, approx 5m E of track,	An angular stone 2m x 1.8m. A tiny cup and ring on SW facing slope towards bottom of stone
<b>Todmor Stones 04</b>	TS04				SE 11061 42586		Todmor Stones, Bingley Moor, 12m E of track, 5m ESE of TS03	Low, oblong boulder approx 1m long, a single cuplike depression towards S. May be natural.
<b>Todmor Stones 05</b>	TS05	107	PRN320	25265	SE 11163 42650		Todmor Stones, Bingley Moor, 100m E of track	Sloping stones with cups, rings and grooves.
<b>Two Eggs (N)</b>	TE02	95	PRN167		SE 10575 44910		Two Eggs, Morton Moor - possibly wrong stones identified	Upright stone with depressions
<b>Two Eggs (S)</b>	TE01	94	PRN166		SE 10572 44887		Two Eggs, Morton Moor - possibly wrong stones identified	Upright stone with depressions
<b>Weary Hill 01</b>	WH01	242	PRN7236	25397	SE 10572 46336		Weary Hill, Ilkley Moor, on sloping S-N ground, 80m W of Keighley Road	Stone at ground level on S side, complex design of cups, possible rings and grooves.
<b>Weary Hill 02</b>	WH02	243			SE 10614 46251		Weary Hill, Ilkley Moor, 10m N of a footpath and 54m W of Keighley Road.	Fairly round boulder with a number of possible cups.
<b>Weary Hill 03</b>	WH03	244	PRN168	25361	SE 10615 46585		Weary Hill, Ilkley Moor, 46m S of track to Silver Well and 100m W of Keighley Road.	Stone at ground level on S side, vertical face on N. Cups, some with rings, and possible grooves.
<b>Westwood Drive 01</b>	WD01	247	PRN172	25356	SE 10983 46887		In private garden of Moor Grange, wall adjoining moor built over it.	Large angular stone, with cups, some rings and grooves.
<b>Westwood Drive 02</b>	WD02	248	PRN176	25357	SE 11001 46927		In private garden of Moor Grange, just N of driveway	Rock sloping with topography, possible cups.
<b>Whetstone Gate 01</b>	WG01	225a	PRN9312		SE 10279 45338		Whetstone Gate area, directly N of radio masts and 5m N of track.	Large flat stone, a basin / possible cup towards SW edge
<b>Whetstone Gate 02</b>	WG02	225b	PRN9314		SE 10380 45414		Whetstone Gate area, , 140m NNE of radio masts and 50m N of path, at foot of slope	Rounded rock, possible cups.
<b>Whetstone Gate 03</b>	WG03	226a	PRN9313		SE 10453 45380		Whetstone Gate area, , 150m NE of radio masts and 10m N of path, at break of slope	Upright stone pointed stone, numerous cup-like depressions of uncertain provenance
<b>White Crag Moss 01</b>	WCM01	255a			SE 11484 45234		Rombalds Moor, 16m ENE of trig point and 12m N of footpath.	Fairly low rock, one possible cup on N sloping face set within erosion channels

White Crag Moss 02	WCM02	257a	PRN9315		SE 11570 45484		White Crag Moss, on break of slope down, 26m N of path	Small sloping rock with a single cup
White Wells 01	WW01	259	PRN197	25374	SE 11794 46540		White Wells, Ilkley Moor, 33m SW of WW05, which is located in footpath.	Low rock, possible cups
White Wells 02	WW02	260	PRN199	25375	SE 11807 46544		White Wells, Ilkley Moor, immediately S of WW03	Small stone, sloping into ground, a number of cups
White Wells 03	WW03	261	PRN198	25375	SE 11807 46546		White Wells, Ilkley Moor, 15m W of footpath	Domed stone with two levels, several dozen cup marks of varying size, some within grooves.
White Wells 04	WW04	262	PRN200		SE 1181- 4655-	Y	White Wells, Ilkley Moor, several metres W of footpath and NE of WW04. Now covered	Small stone with cups and partial rings, and possible grooves.
White Wells 05	WW05	263	PRN201	25376	SE 11816 46562		White Wells, Ilkley Moor, on the N side of track	Fairly rounded boulder, cups.
White Wells 06	WW06	264	PRN202	25377	SE 11822 46533		White Wells, Ilkley Moor, 13m W of main track, near other worn tracks.	Small low rock with three cups.
Willie Hall Wood	WHW01	258	PRN196	25366	SE 11584 46592		Willie Hall Wood, near White Wells and confluence of two streams on knoll.	Large stone resting on others, complex design of cups rings and grooves on upper surface.
Woodhouse Crag 01	WC01	214	PRN141	25352	SE 09075 47005		aka 'Sepulchre Stone', Woodhouse Crag, just N of main path.	Large upright rock with curving bedding. Possible cups and possible ring.
Woodhouse Crag 01a	WC01a				SE 09099 46966		Woodhouse Crag, same allotment as Sepulchre Stone and 40m SE of it, .	Low lying boulder, a single cup-like depression with an irregular profile towards the NE corner.
Woodhouse Crag 02	WC02	215	PRN143	25364	SE 09285 47000		Aka 'Anvil Rock', Woodhouse Crag, 10m N of wall.	Large stone resting on others, possible cups.
Woodhouse Crag 03	WC03	216	PRN145	25387	SE 09496 46967		Woodhouse Crag, Ilkley Moor, 58 metres W of 'Swastika Stone' and just S of path.	Gate post, two cups, both with possible rings or partial rings.
Woofa Bank 01	WB01	352	PRN275	25310	SE 13611 45616		Woofa Bank, Burley Moor	Low lying rock with visible bedding layers. Many cups, some with rings. it.
Woofa Bank 02	WB02	356	PRN277	25310	SE 13668 45623		Woofa Bank, Burley Moor	Long, low rock; cups, grooves and rings on N facing slope.
Woofa Bank 03	WB03	361	PRN280	25297	SE 13811 45470		Burley Moor, Woofa Bank, SW of enclosure, near foot of slope	Rock sloping with topography, two cups.
Woofa Bank 04	WB04	363	PRN283	25298	SE 13840 45490		Burley Moor, Woofa Bank, approx 22m W of Woofa enclosure	Flat rock, covered on S Side, two possible cups
Woofa Bank 05	WB05	364	PRN285	25311	SE 13856 45474		Burley Moor, Woofa Bank, just to W of enclosure walling.	Ground level rock, cups and possible groove.
Woofa Bank 06	WB06	365	PRN287?	25300	SE 13856 45561		Burley Moor, Woofa Bank, approx 50m NNW of enclosure walling.	Upright rock covered in vegetation, on the upper and lower part of the stone.

Woofa Bank 07	WB07	366	PRN286	25311	SE 13858 45477		Burley Moor, Woofa Bank, in enclosure walling towards SW end.	Long rock with cups, grooves on upper surface.
Woofa Bank 08	WB08	368	PRN284	25299	SE 13871 45530		Burley Moor, Woofa Bank, 16m NNW of enclosure walling.	low rock, one cup.
Woofa Bank 09	WB09	369	PRN315	25311	SE 13880 45488		Burley Moor, Woofa Bank, within enclosure, 13m NNW.	Ground level rock, now covered. One possible cup.
Woofa Bank 09a	WB09a				SE 13882 45509		Burley Moor, within Woofa Bank enclosure, 1m W of WB11	Irregular shaped sandstone boulder 1.25m x 1m x 0.35m, one cup and possible other.
Woofa Bank 10	WB10	370	PRN316	25311	SE 13883 45509		Burley Moor, within Woofa Bank enclosure, close to the walling.	Low rock, several cups, one elongated.
Woofa Bank 11	WB11	371	PRN317	25311	SE 13884 45507		Burley Moor, within Woofa Bank enclosure, close to the walling.	Low sub rectangular rock, a number of cups marks.
Woofa Bank 12	WB12	372	PRN318	25311	SE 13889 45484		Burley Moor, within Woofa Bank enclosure.	Large ground level rock with complex cellular design of grooves and many cups.
